

Research work guidelines

Universidad
Carlos III de Madrid

Grupo SeTI · Dpto. Informática

Goal 1: Written report

- Write a report on some topic related with security on e-commerce or, at least, with security
 - Present an overview of the topic addressed
 - Technical background report
 - Clear, concise, correct and useful
 - Link the topic with e-commerce and, if possible, with security on e-commerce
-

Goal 1: Written report

- Introduction
 - State clearly and briefly the research topic and its motivation
 - Background
 - Describe technical or historical concepts that are needed to understand the topic
 - Main body
 - Elaborate on the topic
 - Conclusions/Summary
-

Goal 1: Written report

- Audience: mainly, the other students
 - Reports will be made available to them
 - Orientative length: 5000 words
 - Seek more quality than quantity
 - Methods to detect plagiarism will be used
 - <http://turnitin.com/static/index.html>
 - Maintain a fluid communication with supervisor
 - Clarification of the work's orientation
 - Help for finding sources and deciding if they are worth
-

Writing resources
