## **Explanation of the news practice # 2**

Individual writing and presentation of a piece of news for radio following the structure and the guidelines presented during the lecture and also the feedback from last practice

Own sources required

10 to 15 lines

Free topic

No soundbite required

Students are expected to bring 2 copies of their scripts to the practice session: one for them and the other one for the Professor.

The practice will be conducted in the radio study where some basic lessons on how to behave in a study and how to read for radio will be presented.

Students must take note of all the mistakes that will be turn into specific tasks that will be taken into account and assessed for the next practice.
