Radio Journalism

Susana Herrera Damas, Ph. D.

Explanation of the radio feature practice # 2

Individual production of an elementary feature following the structure, guidelines and steps explained during the lecture, and also the feedback provided during last practice

From 3 to 4 minutes

Free topic

Greatest creativity and originality required

Feature is expected to be recorded at home in mp3 format and uploaded afterwards to the Intranet to be publicly listened to and commented during the practice session

The most updated version of the script required

Script has to be structured in opening, body and closing

All technical indications must appear in capital letters

Students can use Audacity or similar audio softwares as much as their features need

Students are expected to take note of all the mistakes that will turn into specific tasks to be taken into account and assessed for the radio features of the final news program practices
