Theory of Information and Communication

Sara Martínez Cardama

Lisandra Otero Borges

Unit 5- Test 5.3

Fill in the crossword puzzle with the correct words based on the given clues. Write the corresponding letters in the boxes. Each word intersects with another, so use the clues to figure out both horizontal and vertical words.

1. **Transparency:** The ability of governments to provide clear and accessible information to the public.
2. **Information:** Facts and data that can be accessed, used, and processed.

3. **Open:** It refers to the principle of accessibility and inclusiveness, allowing individuals to easily access processes, and decisions.
4. **Participation:** A principle of involving citizens in decision-making and ensuring the government is accountable.
5. **Government:** The system by which a state or community is governed, which includes institutions and policies that regulate society, make decisions, and enforce laws.
6. **Data:** Information that is available to the public and is used by citizens to hold the government accountable.
7. **Collaboration:** A process that ensures two-way communication between citizens and government.
